WHITE RIVER JUNCTION

George W. Smith, Asa B. Hebard, Charles LeBaron and Charles Ward have returned from a very successful hunting trip at the Connecticut lakes, New Hampshire. They brought home all the game the law allowed.

Cora A. (Ward) Gilson, wife of Elmer Gilson, died at her home on Taft's flat Friday evening, Nov. 14, at 6:30 o'clock. Mrs. Gilson had been ill with pneumonia for the past three weeks. She was born in Guilford in 1876, and was married to Mr. Gilson in 1894. To this union were born four children, Harold E., Ray H., Cleo H., and Ralph H. Gilson. Mrs. Gilson also had three brothers and two sisters and these, together with the husband, are left to mourn her loss. The funeral was held from the home Monday afternoon and was conducted by Rev. Merrill Ward, of Jamaica, Mass. Burial was in Hartford cemetery.

Edward Brigham, dramatic reader and singer, gave an entertainment last Tuesday evening at the Methodist church before a small but appreciative audience. Mr. Brigham came to White River Junction under the auspices of the Epworth league.

Winona chapter, No. 43, O. E. S., held its regular meeting Wednesday evening with Mrs. E. A. Mitchell acting as worthy matron. Two petitions were voted upon.

Mrs. Rowell of Franklin, N. H., visited Mrs. H. C. Benson last week.

E. A. Mitchell was a recent business caller in New York City.

The friends of Mr. and Mrs. Harland Sawyer gave them a surprise party on Saturday evening at their home on the Jericho road and presented them a nice dining room table and six chairs. An oyster supper was served and a fine time enjoyed by all.

Mr. and Mrs. Walter Mason of Dewey's Mills are in New York City on a business trip.

Mr. and Mrs. J. J. Dewey of Dewey's Mills were in Boston for a few days recently.

The arrest of Arthur Greenwood, aged 27, and Harley Cady, aged 29, who robbed the home of John Hanson of West Lebanon recently, was accomplished through the efforts of Officer George Leavitt of Lebanon. These men had been terrorizing the entire farming community for the past two weeks, hardly a day passing without a visit from them. During the absence of Mr. Hanson's family they entered the house and stole \$100 in money, several gold rings, a gold watch and less valuable articles. The men were located in a lumber camp near Plainfield, N. H., where they had been working. Cady was arrested at White River Junction. Most of the stolen property was recovered with the exception of about \$10 of the money and a few small articles.

The home of Mr. and Mrs. H. F. Woods of Randolph was the scene of a very pretty wedding on Sunday evening.

ing, Nov. 9, at 9 o'clock, when Mrs. Woods' oldest daughter, Della Irene Prentice, was united in marriage to Maynard Elwin Allen, son of Dr. Samuel Allen of White River Junction. The single ring ceremony was performed by Rev. F. S. Tolman under an arch of green and white decorations with pink roses and white bells, making a very pretty effect. Samuel Allen, jr., brother of the groom, was best man, while Julia Prentice, sister of the bride, was bridesmaid. The bride was dressed in Copenhagen tulle and georgette crepe and carried a bouquet of carnations. The bridesmaid was dressed in blue messaline. After the ceremony the bride was presented two beautiful cakes, one decorated with brown and white frosting with the initial A. The other decorated with white and pink frosting with the initial P. Refreshments of ice cream and cake were served and the couple left on the night train for Boston to spend a few days at their honeymoon.

W. G. Simpson closes his valedictory address the coming Saturday, and expects to leave with Mrs. Simpson for Florida about Dec. 1.

There was a large attendance last Monday evening at the Men's Discussion club of Hartford. Next Monday evening the discussion will be upon "Bohemia," the leading paper to be given by Stephen W. Perry.

PLACES WREATH ON T. R.'S GRAVE

Prince of Wales Went to Oyster Bay To-day to Pay His Tribute

HE WILL ENTERTAIN CHILDREN LATER

This Was the Last Full Day of the Prince's Stay in the United States

New York, Nov. 21.—Edward Albert, prince of Wales, began the last full day of his visit to New York to-day with a trip to the grave of Theodore Roosevelt at Oyster Bay. The prince carried a wreath to place on the late ex-president's grave.

The day's program called for his presence at a noon luncheon at the Piping Rock club, and in the afternoon he planned to play hockey to one thousand school children aboard the British battle cruiser Renown.

This evening he will be guest at a dinner of the Pilgrims, at which Chauncey M. Depew will preside. A brief visit to the Hippodrome and a reception at the 7th regiment armory, arranged by Mr. and Mrs. Rodman Wainmaker, will complete the day's events.

To-morrow the prince will end his visit to the United States, sailing on the Renown for Halifax.

TREMENDOUS PREMIUM ON AMERICAN GOODS

British Trade Circles Are Reported to Be Greatly Alarmed Over Situation

London, Nov. 21.—The condition of American exchange is causing anxiety in trade circles, as the prevailing rates mean that a tremendous premium has to be paid by British buyers for goods purchased in the United States. The rate this morning was called at \$4.05, on easier money in New York, but opinion in Lombard street is that there is no backbone in the market, while the recent uneasiness caused by the constant declining tendency has been accentuated by the non-ratification of the peace treaty.

The rate, according to opinion here, is likely to be unstable until the treaty question is settled and official action is taken regarding the granting of credits.

The lower exchange rate is also a contributory cause to the high prices realized for arrivals of silver, while, on the other hand, America, Spain and other countries, in view of the adverse exchange, are taking offerings of gold in the open market at 163 shillings per ounce, or 21 per cent over the mint price.

The money market is gradually tightening daily, loans which are badly wanted commanding five per cent, with the floating supplies insufficient. Borrowers are forced to pay the Bank of England 6½ per cent on week-end loans.

The joint stock banks are not lending freely in the market because of the huge trade demands by customers for their expanding business and the financing of the large number of cotton bills now arriving.

Market opinion is that the year will be gotten through without a high bank rate, but that money will be scarce.

MARBLE TABLETS UNVEILED.

Commemorating Italian and American Efforts in Italy.

Rome, Thursday, Nov. 21.—Marble tablets commemorating the construction of a sanatorium containing 12,000 beds for the tubercular soldiers with contributions from the American Red Cross and Italian war relief funds were unveiled here to-day. General Alcide, minister of war, represented government, while H. Nelson Gay of Boston, the historian, represented America.

OTTORSON HEARING TO-DAY.

Prosecution Will Call About a Dozen Witnesses.

Concord, N. H., Nov. 21.—County Solicitor Herbert W. Rainie says that the prosecution will call about a dozen witnesses for the continued hearing in this city to-day in the case of Mrs. Marion Lyones Ottorson, in Booklet by Nov. 6. The state will be represented by Attorney General Oscar L. Young and Solicitor Rainie, and Mrs. Ottorson's counsel will be Robert L. Murray and Alexander Murchie.

You'll Be Counted, Harry.

The Barre Times says "The census enumerators in Vermont ought to be particularly careful to list the Vermonters who are spending the winter in Florida or California, or else Vermont's population figures will suffer. A single party leaving a small town in western Vermont numbered 13 people, bound for Florida to spend the winter months. Such a large departure list on a single occasion is rare, but the aggregate of the people going singly or in twos and threes is quite large. Of course, all of these people will desire to be counted as Vermonters." You are right, we all want to be counted as Vermonters even though we like to dodge her snowy winters. There are 17 Vermonters in our party wintering in Miami.—Bradford Opinion.

NATION'S FOOD IS MENACED

By the Daily Increasing Shortage of Bituminous Coal

BIG PACKING PLANTS HAVE SMALL SUPPLY

Hines to Lay the Facts Before Cabinet for Action

Chicago, Nov. 21.—The daily increasing shortage of bituminous coal has become a menace to the nation's food supply, with the further prospect of a sweeping curtailment of passenger traffic within 24 hours.

The bituminous coal miners rounded out their three weeks' strike here to-day by the regional coal committee, that the big Chicago packing plants "have about two weeks' supply" of coal left, and that "when they have used that the committee will not be able to supply coal to them."

The immediate future of the steel industry to-day was causing concern, according to one Pennsylvania manufacturer, and in the Chicago district the Corn Products company, at Argo, Ill., announced suspension, its other plant at Pomeroy, Ill., both having a capacity of one hundred thousand bushels of corn a day, already having been closed. The regional coal committee indicated it expected extensive shutdowns during the next 10 days unless production on a large scale was resumed.

Walker D. Hines, federal director of general of railroads, announced after his two-day conference here with regional directors that he would lay the facts of the coal situation before the cabinet so that he might be relieved of any personal responsibility for curtailment of industry. Many of the federal railroad managers here said they expected sweeping reductions in the number of trains within 24 hours.

In the general situation as regards the mines themselves, but slight changes were apparent. They did not point to increased production.

Governors of all states with bituminous mines to-day had telegrams from Governor Harding of Iowa, suggesting concerted action to take over the mines and grant the workers a substantial increase pending the result of the joint wage conference at Washington.

In Colorado, where a second strike has been ordered, a court order restraining the district officials from putting it into effect was in force. It was obtained by Victor E. Keyes, state attorney general, who based his plan on a state industrial commission law requiring 30 days' notice of a strike.

New strikes in the New River field of West Virginia were reported spreading.

The week's supply ration for Chicago and the northwestern region, which extends to the Pacific coast was in effect to-day. The southern states east of
